## Education

### BSc.

University: Guilan university

Major: Textile engineering / textile chemistry and fiber science

Thesis: Conductive nano-fibers

Supervisor: Dr. Vahid Mottaghitlab

### Msc.

University: Amirkabir University of Technology (Tehran Polytechnic)

Major: Engineering of nanofibrous structures

Thesis: Radar absorbing PET

Supervisors: Dr. Majid Montazer

### PhD

Thesis:

Supervisors:

## Research Experience:

## Job Experience:

## Publications:

- 1)"A protective polyester fabric with magnetic properties using mixture of carbonyl iron and nano carbon black along with aluminium sputtering." Journal of Industrial Textiles (2016)
- 2) US provisional patents by title of "RADAR ABSORBING FABRIC"
